Index to MACHINERY

A

Abrasive Finishing Machine, Production 570
Absolute Temperature 388
Accidents, Causes of 866
Accidents, Causes of Industrial 76
Accidents in 1922, Industrial 582
Accidents, Report on Industrial 33
Accuracy, Unnecessary 764
Accuracy of Square, Stand for Indicating. E. E. Lakso 591
Acid Bath, Hardening Dies in an. G. R. Caster 616
Acid-proof Tank Lining 775
Acid-resisting Alloy 518
Adapter for Bench Lathe Work, Drill. Albert Berg 717
Adding Machine, "Quixsum" 564
Addison, Dr. Thomas, Personal of 80
Addressing, Post Office Asks for Better 513
Adt, Howard E., Obituary of 244
Advance Specialty Co.:
Loose-pulley Oiler 153
Advertising Standardized Products 958
Aeronautical Achievement, A Prize for 934
Agricultural Implements and Machinery in Russia, Manufacture of 322
Air-brake Type, Switches of 949
Air Compressor, Chicago Pneumatic Portable .. 904
Air Compressor, Ingersoll-Rand 907
Air Compressors, Dunning 317
Air Compressors, General Electric Centrifugal .. 731
Air Mail Service 993
Air Pressure, Forge 437
Air, Weight of 774
Airey, John:
The Science of Cutting Metal 625
Ajax Mfg. Co.:
Drop-lock for Forging Machines 403
Ajax Metal 694
Akers, M. K.:
Design of Helical and Worm Gears 338
Albin, L. D., Personal of 911
Alexanderson, E. F. W., Personal of 574
Aligning Vise Jaws. Charles Homewood 549
Alkaline Quenching Mediums 437
Allen, Ernest C.:
Saving Screw Machine Stock 300
Allen, E. W., Personal of 827
Alley, J. D.:
Saving Worn Parts by Electro-deposition 202
Allis-Chalmers Mfg. Co.:
Building Huge Hydro-electric Machinery 892
Alloy Steel, Natural 949
Alloys in Endless Strips, Casting Lead 610
Alloys, Investigations on Die-casting 38
Aloxite and Carborundum Redmanol Cut-off Wheels 316
Aluminum, Annealing 388
Aluminum Piston Alloys 124
Aluminum Sheet Sizes, Standard 427
American Broach & Machine Co.:
Rack-type Broaching Machine 481
American Crusher & Machinery Corporation:
Chip Crushing Machine 557
American Engineering Standards Committee, Work of 278
American Foundrymen's Meeting 351
American Gear Manufacturers' Association:
Semi-annual Convention 187
Annual Convention 685
Officers of the 753
American Grinder Co.:
Gear Tester 74
Gear-tooth Grinder 225
American Institute of Mining and Metallurgical Engineers:
Meeting of 24
Meeting of 492
American Museum of Safety 100
American Railroads, One-hundredth Anniversary of 216
American Society for Steel Treating:
Advance Notice of Meeting 15
Meeting of 223
American Society of Mechanical Engineers:
Regional Meeting of 31
Annual Meeting 180
Officers for 1924 188
Annual Meeting 295
Vermont Local Section 302
Convention of 351
Change in Date of Spring Meeting 488
Machine Tool Meeting in Philadelphia 596
Spring Meeting 770
Meeting of Vermont Section 893
American Tool & Mfg. Co.:
Cost System for the Jobbing Shop 621
American Tool Works Co.:
Automatic Cross-feed for Shapers 69
Twelve-inch Lathe 158
Super-productive Lathe 726
Chasing Lead-screws 883
Ames Co., B. C.:
Work of the Bench Lathe:
1 960
Amplex, Inc.:
Bending Machine 240
Ams Machine Co., Max:
Automatic Blanking and Edging Press 898
Anderson Bros. Mfg. Co.:
Scraping Machine 653
Anderson Die Machine Co.:
Finish-machining Cast Iron with Oil 256
Angle, Calculating a Tool. Edward Heller 16
Angle-plate Drilling Fixture, Universal 27
Annealing Aluminum 388
Annealing Sheet-metal Parts. A. Eyles 204
Anthony, Thomas P., Personal of 323
Application? Should a Model be Furnished with a Patent. Glenn B. Harris 599
Applications in Various States, Patent 392
Appraisal Service, Money Lost by Free. Ernest F. DuBrul 796
Apprentices, see also Education, Training, Vocation, School.
Apprentice System, A Modernized 415
Apprentice Training, Better. H. G. Downs 505
Apprentice Training in the Westinghouse Co.'s Works 33
Apprentices, Coordinating Theoretical and Practical Instruction for. Warren Ichler 180
Apprenticeship System, A Successful 432
Aqua Regia 388
Arbor for Facing Thin Washers. William A. Baus 971
Arbor for Machining Base of Transit Standard, Special. Robert Mawson 269
Arc Ever Made, Largest Controlled 462
Arc, Method of Constructing a Tangent. J. Homewood 890
Arc Welding, see Welding.
Arkin, Victor:
How Can Blueprints be Made to Adhere to Celluloid? 719
Armour, James W.:
Worm Grinding in the Lathe 859
Arnold, John B.:
Interference between Helical Gears on Parallel Shafts 538
Arny, Louis W.:
Belting Cements 95
The Grain Side of the Leather Belt 372
Arrangement of Machine Shop Equipment, Efficient. Fred R. Daniels 189
Articles, Preparing Technical Papers on 782
Ashe, S. W.:
Helping the Worker by Education 524
Asphalt-base Oils, Paraffin- and 519
Asquith, S. A.:
A combination Type of Metal-cutting Machine 844
Assembling a Corliss Engine Crank-disk Pin, Pressure Required for 59
Assembling Rotor Spiders on Shaft 281
Assembling Sprinkler Heads 603
Assembly Card System. John J. Borkenhagen .. 966
Assembly, Selective 842
Assembly, Unit 600
Atlas Die-Casting Corporation:
Solving Die-casting Problems 51
Atmospheric Pressure 842
Atta Tool Co.:
Tool Grinder 321
Attachment for B. & S. Milling Machine 563
Attachments for Standard Machines. Albert A. Dowd 711
Auger and Machine Bits, Manufacturing. Charles O. Herb 271
Australia is the Leading Export Market for American Automobiles 120
Australia, Radio Licenses Required in 721
Australian Imports of Machinery 378
Automatic, Budd-Ranney Heavy-duty 475
Automatic, Cleveland Multiple-spindle 895
Automatic Lathe, Lodge & Shipley 810
Automatic Machine for Facing, Turning and Grooving, Bullard 807
Automatic Machines in the Electric Lamp Industry 214
Automatic Machinery, The Design of 936
Automatic, National-Acme Five-spindle 473
Automatic Screw Machines, Giddings Spring-operated Chuck Cylinder for 485
Automatic Three-speed Head, Cleveland 401
Automatic Transportation Co., Inc.:
Wire-reel Truck 238
Automobile Bearing Adapter, Dies for an. John A. Honegger 194
Automobile Bearings, Reamers for 960
Automobile Crankshafts, Machining. W. E. Groene 855
Automobile Cylinders, Burnishing 98
Automobile Front Axles, Drilling and Reaming .. 391
Automobile Gears, Accurate Manufacture of. A. B. Bassoff 209
Automobile Horsepower Rating 198
Automobile Industry's Consumption of United States Products 118
Automobile Industry, The 222
Automobile Industry, The 911
Automobile Plant, Power Conveyors in the 541
Automobile Production Since 1910 964
Automobile Radiators, Constructing. Charles O. Herb 454
Automobile Tire Molds are Made, How. Charles O. Herb 497
Automobile Tires, New Development in 297
Automobile Trade, British 337
Automobile Valve Tappet Parts, Manufacturing 282
Automobiles, Australia is the Leading Export Market for American 120
Automobiles, Average Life of 220
Automobiles, Exports of 979
Automobiles from the United States, Exports of. 594
Automobiles in the United States, Number of .. 596
Automotive Engineers, Society of:
Advance Notice of Production Meeting 160
Production Meeting 186
Annual Meeting 489
Machine Tool Exhibition 656
Detroit Section Meeting 709
Summer Meeting 770
Summer Meeting 841
Averbeck Shapers 153
Awards Conferred on Employes for Constructive Work 616
Axle Drilling Machine, Foote-Burt 825
Axle Drilling Machine, Minster Automobile 730
Axle Lathe, Betts Journal-truing and 400
Axle of Locomotives, Weight Per Driving 719
Axles, Drilling and Reaming Automobile Front 391

B

Babbitt Metal Composition 949
Bach, A. D., Personal of 660
Back-facing Tool. A. Hunt 553
Badger Tool Co.:
Power-operated Ring-wheel Grinder 72
Grinding the Eyes of Leaf Springs 119
Grinding the Ends of Coil Springs 705
Bailey, Henry J., Personal of 162
Bailie, Samuel:
Pneumatic Throttle Valve 560
Baker Bros.:
Rotary Machine 230
Possibilities of Heavy-duty Drilling 950
Baker, Donald A.:
Ratchet Feed Mechanism 967
Balancing High-speed Pulleys, Importance of. Donald A. Hampson 362
Balancing Machines, Olsen-Carwen Static-dynamic 240
Balancing Operations, Mandrel for. John E. Unger 276
Ball Bearing Standard, International 145
Ball Bearings, Destructive Vs. Service Tests of .. 604
Ball Bearings to Machine Tools, Application of. B. M. W. Hanson 355
Ball Bearings to Machine Tools, Application of 776
Balsa, The Lightest of all Woods 33
Band-saw Blade Brazer, Oliver 988
Bar Cutter, Buffalo Slitting Shear, Punch and 728
Barnes Drill Co.:
Drilling and Reaming Automobile Front Axles 391
Self-oiling All-geared Drilling Machine 568
Handling Jigs on a Gang Drilling Machine. 570
Self-oiled Drilling and Tapping Machine 638
Automatic Drilling and Tapping Machines ... 730
Bartlett, G. M.:
The Path of Roller Centers in Chains 344
Bases, Design of Machine Tool Feet and. Fred Horner:
1 259
2 450
3 508
Bassoff, A. B.:
Accurate Manufacture of Automobile Gears ... 209
Bates, N. S., Personal of 240
Baus, William A.:
Arbor for Facing Thin Washers 971
Bausch & Lomb Optical Co.:
Metallographic Equipment 556
Metallographic Equipment 909
Baush Machine Tool Co.:
Horizontal Multiple-spindle Drilling Machines 984
Beading, Curling and Trimming Machine, S. & S. 727
Beal, Harry S.:
Ground Taps and Screw Thread Fits 981
Beam and Truss Formula, Simplified. Malcolm P. Davis 459
Beaman & Smith Co.:
Drilling, Boring, Tapping and Milling Machine 401
Bean, R. D., Personal of 996
Bearings, see also Ball, Roller, etc.
Bearing Metal Research 513
Bearing, Westinghouse Leakproof Motor 821
Bearings of Pad Construction, Thrust. F. Johnstone-Taylor 619
Bearings, Reamers for Automobile 960
Bearings, Universal Self-Lubricating 819
Beaver Square-end Pipe Cutters 738
Beckett, Clarence A.:
Definitions of Hardness 503
Beckett, Frederick M., Personal of 489
Beebee, James H.:
Cutting a Left-hand Thread with a Right-hand Tap 469
Heat-treating Small Steel Springs 715
Beisel, Eugene L., Personal of 80
Belfield, Homer B., Obituary of 574
Bell Metal 436
Belt Dressing, "Beltex Gripstick" 308
Belt Drives, Quarter-turn 388
Belt Drives, Short-center. Gustave A. Frenkel:
1 747
2 876
3 956
Belt Sander and Grinder, Porter-Cable 908
Belt Speeds 949
Belt, The Grain Side of the Leather. Louis W. Arny 372
"Beltex Gripstick" Belt Dressing 308
Belting Cements. Louis W. Arny 95
Bemis Machine Co., E. W.:
Milling Fixture 732
Bench Combination Machine, Pratt & Whitney 986
Bench, Niagara "Hexo" 902
Bender, Pedrick Pipe and Tube 318
Bending and Forming Sheet-metal Parts. A. Eyles 140
Bending Machine, Amplex 240
Bending Roll, Hilles & Jones 237
Bending Rolls, Buffalo 903
Bentzen, L.:
Puller for Fitting Taper Keys 969
Berg, A.:
Boring, Recessing and Threading Tool 714
Drill Adapter for Bench Lathe Work 717
Besly & Co., Charles H.:
Semi-automatic Ring-wheel Grinding Machine 983
Bethlehem Steel Co.:
Employes' Representation Plan 28
Betts Machine Works of the Consolidated Machine Tool Corporation of America:
Car-wheel Borer 399
Journal-truing and Axle Lathes 400
Double-driven Boring Mill 648
Planer-type Slotter 816
Car-wheel Boring Machine 821
Bevel Gear Generator, Gleason 150
Bevel Gears, History of Spiral 262
Bevel Gears, Hobbing Spiral. Nikola Trbojevich 165

Bickford & Son Co., O. S.:
Thread Milling Machine 806
Bicknell-Thomas Co.:
Vertical Tapping Machine 736
Billingham, Ralph:
Truing Up Planer Ways 550
Bilton Machine Tool Co.:
New-tip Hammer 823
Die-holders 825
Bingham, J.:
Dies for Producing a Square Part 22
Bird, Howard, Personal of 996
Bismuth Bronze 843
Bits, Manufacturing Auger and Machine. Charles O. Herb 271
Black, I. Bernard:
Sub-press Die for Watch Parts 219
Progressive Dies for Piercing, Bending and Blanking 371
A Practical Drafting-room System:
1 605
2 671
Blade Sizes, Proposed Hacksaw 914
Blanchard Lathe 843
Blanchard Machine Co.:
Dial-loading Automatic Grinding Machine.. 73
Grinding Machine 561
Blanched Copper 842
Blank Diameters, Method for Determining. Ronald L. Wakelee 705
Blanking and Edging Press, Max Ams Automatic 898
Blanking and Forming Handle, Dies for. S. A. McDonald 299
Bloxham, Edgar, Personal of 240
Blueprints be Made to Adhere to Celluloid? How Can 571
Blueprints be Made to Adhere to Celluloid? How Can 599
Blueprints be Made to Adhere to Celluloid? How Can 718
Blueprints be Made to Adhere to Celluloid? How Can 891
Board, Hough Time-study 406
Bock Bearing Co.:
Unusual Grinding Chuck Designs 118
Bodine Electric Co.:
Ball-bearing Portable Grinder 317
Boiler Horsepower 518
Boilers of the Water-tube Type 519
Bolender Gear Grinding Chucks 403
Bolt and Nut Chart, Draftsman's. C. F. Powers 469
Bolt-cutter, Portable Pneumatic. H. H. Henson 715
Bolt-factory Threader, Landis 984
Bolt Heads and Nuts, Clearance for. John S. Watts 277
Bolt Heads, Clearances for Nuts and. Duncan Gardiner 546
Book Reviews:
Turret Lathe Practice 76
Elements of Mechanics and Machine Design. 326
Bonnamy, Emile, Personal of 911
Borden Co.:
Beaver Square-end Pipe Cutters 738
Border Lines, Quick Method of Drawing. John J. Thompson 972
Bore-reamers, Lambert Expansion Reamers and 731
"Borhonizing" Machine, Cincinnati 991
Boring and Facing Machine, Sellers Driving-box 816
Boring a Sphere to Reduce its Weight. J. A. G. Goulet 540
Boring Attachment, Craley Spacing and 314
Boring-bar for Deep Holes. Edwin Kilburn 713
Boring, Drilling and Milling Machine, Cleveland-Horizontal 236
Boring, Holding Split Bushings while. P. J. Rees 549
Boring Lathe Tailstocks, Fixture for Re-. William Wilson 888
Boring Machine, Baker No. 123 Rotary Drilling and 230
Boring Machine, Betts Car-wheel 399
Boring Machine, Betts Car-wheel 821
Boring Machine, Foote-Burt Multiple-spindle 152
Boring Machine, Oliver Wood 75
Boring Mill, Betts Double-driven 648
Boring Mill, Cincinnati 398
Boring Mill, Facing Rings in a. George R. Caster 635
Boring, Recessing and Threading Tool. A. Berg. 714
Boring Small Work in the Lathe, Tools for. Ernest L. Holcomb 866
Boring, Tapping and Milling Machine, Beaman & Smith Drilling 401
Boring, Weight Removal from Sphere by. Francis M. Weston, Jr. 301
Borkenhagen, John J.:
Detachable Motor for Driving Machines during Tests 383
Rod and Wire Cutting-off Device 463
What Would be a Fair Price? 598
Overhead Cord for Portable Drill 635
Tool Division System 719
Assembly Card System 966
Bottom-pouring, Ingots Made by 389
Bradford, H. E.:
Arc-welding Cast Iron Without Preheating.. 199
Bradley, H. T., Personal of 80
Brain Work, Make Your 680
Brake, Niagara Power Folder and 725
Brake, Stoll Power 651
Braren, L.:
Design of Engraving Machines 663
Brass, Forging 59
Brass Knobs, Die for Bulging. Harry B. Clark 54
Brass on Corrosion, Effect of Grain Size in.... 453
Brazer, Oliver Band-saw Blade 988
Brazil, Steel Industry in 50
Brazing, Spelters for 519
Briggs Pipe Threads, Formula for. Otto H. Welke 470
Bright, Graham, Personal of 80
British, see also England, Great Britain.
British Automobile Trade 337
British Empire Exhibition, The 673
British Metal-working Industries, The:
1 17
2 101
3 181
4 263
5 349
6 431
7 520
8 597
9 720
10 769
11 851
12 935
British National Physical Laboratory 195
British Standard Steel Sections 76
British Thermal Unit 601
Broach Guide Bushings, Design of. George E. Hodges 5
Broaching Fixture, Hercules Sub-press 735
Broaching Machine, American Rack-type 481
Broaching Machine and Power Press, Hercules.. 156
Broaching Machine, Myers Automatic 24
Broaching Vulcanized Fiber. George E. Hodges 240
Bronk, Walter S., Personal of 370
Bronze Bushings, Grinding 843
Bronze, Bismuth 843
Brook, Harry:
Developing Ellipse for a Pulley-shaft Guiding Cam 453
Brown, Charles M., Personal of 240
Brown, L. R., Personal of 412
Brown & Sharpe Mfg. Co.:
High-speed Spindles for Screw Machines.... 29
Spur and Spiral Gear Hobbing Machine 227
Spur Gear Hobber 399
Attachment for B. & S. Milling Machine.... 563
Universal Grinding Machine 639
Automatic Milling 919
Bryant, P. H.:
Efficient Inspection Management 942
Budd-Ranney Engineering Co.:
Heavy-duty Automatic 475
Buffalo Forge Co.:
Upright Drilling Machine 157
Combination Woodworker 313
Slitting Shear, Punch and Bar Cutter 728
Forges with One-piece Steel Hearths 734
Punching and Shearing Machines 820
Improved Punch and Bar Cutters 901
Bending Rolls 903
Improved Drilling Machines 990
Buffer, Cincinnati Hand Grinder and 159
Buffer, Marathon Grinder and 563
Building Construction, Use of the Electric Arc-welding Process in Steel 295
Building Works, Machinery would Reduce 33
Bulging Brass Knobs, Die for. Harry B. Clark 54
Bulging, Dies for Hydraulic 571
Bullard Machine Tool Co.:
Six-spindle "Contin-U-Matic" 807
Bumper Design 387
Buoyancy 600
Burke Machine Tool Co.:
Automatic Tapping Machine 311
Burlingame, Luther D.:
High-speed Spindles for Screw Machines.... 29
Historical Notes on Gear Teeth 529
Burning, Lead 600
Burns, L. N., Personal of 323
Burnishing Automobile Cylinders 98
Burnishing, Tumbling and. B. G. Krause 501
Burton, Harry:
Formulas for Determining Dimensions of a Splined Shaft 386
Busher, George Robert, Obituary of 658
Bushing Driver, Frank Shimpfle 337
Bushing, Gast Loose Pulley 734
Bushing, Port-milling Device for Fiston-valves. H. H. Henson 534
Bushings, Design of Broach Guide. George E. Hodges 5
Bushings, Device for Driving. J. Homewood.. 58
Bushings, Device for Hand-reaming. R. Gustafson 38
Bushings, Grinding Bronze 370
Bushings, Interchangeable Drill. H. F. Ruehl.. 798
Bushings while Boring, Holding Split. P. J. Rees 549
Business Forecasting Systems 322
Business Fundamenta's for Industrial Employes 40
Business Outlook in the Machinery Field, The.. 515
Business, The Broader View of 50
Businesses of the Future, Successful 699
Byrne, L. W., Personal of 996

C

Cable, Herbert W.:
Indexing Device for Heavy Fixtures 302
Cable Reel of Simple Design. H. L. Whittemore 925
Caldwell, Frank C., Obituary of 827
Cam, Developing Ellipse for a Pulley-shaft Guiding. Harry Brook 453
Cam on Roller, Pressure of 571
Cam Templets, Laying out Master. Edward J. Rantsch 49
Cams, Finishing Airplane Engine 39
Cams for Printing Presses, Milling 212
Cams, Laying Out and Milling. M. Jacker 536
Campbell, Inc., Andrew C.:
Nibbling Machines 232
